RE: Eligibility of the CCPOA Members who are Supervisors or Managers to be Participants  
in CCPOA's Dental Portion of its Trust

Dear Kevin:

It is a pleasure to inform you that the Governor's office has signed off on the recommendation to allow supervisors or managers who want to be participants in the dental portion of CCPOA's Trust to do precisely that. That means that people who promote to supervisors can remain in the Trust, and those people who are your members who want to rejoin that portion of the Trust, or join for the first time, may do so. (This ability is similar to that of being in the health plan portion of the Trust, which option supervisors and managers have enjoyed for well over a decade.)

I want to acknowledge the hard work done by my Chief of Benefits Division, Greg Beatty, to work on the recommendation that ultimately was approved by the Governor's office. I also want to thank you and other representatives of CCPOA who met with Greg and me, bringing this matter to our attention.

Very truly yours,

Ronald Yank  
Director
